

Dear Mr. President

Request for Personnel Recommendation

I am the president of mobile communication base station equipment company, KMW Inc., Dae-Ik Yoo

KMW Inc. has the technologies in mobile communication base station equipment industry. We request your recommendations in order to employ Ph. D, M.A., B.A. holders.

The human resources that you recommend will get interview with our executives for employment. Through 3 to 5 years technology training and R&D education in Korea, they will be fostered and developed as mobile communication base station equipment technicians.

In addition, ultimately, the technicians will participate in local R&D Center or factories in Vietnam which is supposed to be established in future. They will research, develop, and work for mobile communication base station equipments.

If you recommend suitable and qualified human resources, I am going to visit your university and to discuss or job description and working conditions with them
